# **ACTION TAKEN REPORT FROM FEEDBACK OF STAKEHOLDERS**

**(ACADEMIC YEAR 2016-17)**

Stakeholder	Points noticed	General & Action Taken Reports from Heads of Departments
Alumni	Aiming for higher studies of wards and immediate placement have been noticed	Needs of higher studies and their applications in the current trends are conveyed to the students in classrooms and placement opportunities are informed. Tamil Department organized a number of events for students as seminars to inculcate in the minds of students the trends of facing the present crisis.
Teachers	Students performance in exams and ability to face competitive exams are noteworthy	.more programs/events that enhance the interaction with students are likely to be organized. Inter-collegiate story telling competition for students, Teacher Seminar on different topics by Tamil Department, Tribal camp by Social Works Department, PTA interaction from various Departments naturally had appreciable interaction with the students.
Parents	English language communication	This has been a general concern that prevails regarding placement opportunities. The Department of Physics organized Parents-Teachers Met (PTA) on 06-04-17 and the Teachers held detailed talks. English Department conducts Bridge Intensive Course with required modifications and present needs in communication world. Separate Lab sessions are conducted to students on various occasions to boost their understanding ability.
Students	Need to face competitive examinations and willingness to participate in extra-curricular activities	The processes taken out for the benefit of students are to be continued. The syllabi from the academic year 2016-17 get revision and this takes care of the relevance of courses and needs of students in co-curricular and extra-curricular activities.

### ACTION TAKEN REPORTS (Academic year 2017-18)

Stakeholder	Points noticed	General & Action Taken Reports from Heads of Departments
Alumni	Aiming for higher studies of wards and immediate placement have been noticed	Efforts for the remedies are done. Walk in interview for fresh graduates was carried out. Appreciation of Achievers, Mathematical ability tests, Inter-School competition in Economics are the actions taken for the benefit of students.
Teachers	Relevance of courses and regarding course objectives expected outcome to be reached	The Course objectives and outcomes are clearly specified. So students and Teachers have to see that attainment of objectives be reached.
Parents	Effective communication and making students to go for higher studies	This has been a general concern that prevails regarding placement opportunities. The Department of Physics organized International Conference on latest trends in Materials Science. English Department conducts Bridge Intensive Course with required modifications and present needs in communication world. Separate Lab sessions are conducted to students on various occasions to boost their understanding ability.
Students	Overall reports see appreciable efforts in all factors of various criteria	Further motivation for students is needed always. Food carnival, Electoral awareness, training on human rights and awareness program on GST are some programs for the enthusiasm of students.
