| LAN facility                                      | 115                                                            |
| Wi-Fi service providers                           | JIO, BSNL, VODAFONE                                            |
| Licensed software                                 | MS Office 2013, Windows Professional, Winsl8.1, Oracle, Urkund |
| No. of Devices with surveillance Camera           | 64                                                             |
| Number of nodes/ computers with Internet facility | 20                                                             |

| <b>facilities available</b>                      |               |
|--------------------------------------------------|---------------|
| Video Conferencing, Web Conferencing, E-learning | available     |
| LED Display for college events                   | Yes           |
| touch screen display                             | available     |
| Sound studio with common room                    | 1 Lingual Lab |

| <b>Internet Details:</b>                                         |           |
|------------------------------------------------------------------|-----------|
| Internet connectivity with 100 Mbps, JIO, BSNL Broad band        | available |
| Fiber optic cable for campus                                     | available |
| New fire wall                                                    | available |
| Wired wireless & ULAN connection                                 | available |
| Wi-Fi access point for entire campus, Hotspot, User Registration | available |
| Anti-virus for all computer users                                | available |
| Software modal for staff & student information management        | available |
| biometric attendance for Staff                                   | available |
| Centralized server room with servers                             | available |
| New digital TV notice board                                      | available |
| IOT Lab                                                          | available |

| <b>Computers are periodically updated as follows:</b> |             |
|-------------------------------------------------------|-------------|
| Dual core & i3 (2014)                                 | 149 Systems |
| Dual core2duo & i3, i5 (2015)                         | 126 Systems |
| Dual core2duo                                         | 130 Systems |
| Dual core2duo                                         | 75 Systems  |
| Dual core2duo                                         | 28 Systems  |

| <b>Name of the Lab</b> | <b>No</b> | <b>RAM</b> | <b>HDD</b> | <b>Processor</b>           |
|------------------------|-----------|------------|------------|----------------------------|
| LAB 1                  | 37        | 512KB      | 80 GB      | Intel Core 2 – Duo 3.00Ghz |
|                        | 23        | 1 GB       | 160 GB     | Intel Pentium 4 – 3.00Ghz  |
| LAB 2                  | 31        | 512KB      | 40 GB      | Pentium IV                 |
|                        | 29        | 256KB      | 40GB       | Pentium III                |
| LAB 3                  | 60        | 512KB      | 20GB       | Pentium III                |
| Office & Depts.        | 30        | 1 GB       | 160 GB     | Intel Core 2 – Duo 3.00Ghz |
